

Advanced LED Light Therapy Machine 200nm-900nm For Skin Rejuvenation

Our Product Introduction

Basic Information

- Place of Origin: china
- Brand Name: LZR
- Certification: CE
- Model Number: SPA-1
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 Piece/Pieces per Month

Product Specification

- Name: LED Light Therapy Machine
- Yellow Waveleth: 589 Nm
- Laser Output Power: ≤ 5 Mw
- Condition: New
- Wave Length: 200NM - 900NM
- Led Chip: 5w LED
- Lamp Power: 192W
- Relative Humidity: $\leq 85\%$
- Highlight: **Advanced LED Light Therapy Machine,
LED Light Therapy Machine 200nm,
LED Light Therapy Device 900nm**

Product Description

Advanced LED Light Therapy Machine For Skin Rejuvenation With Yellow Wavelength Cold And Hot Spray Seven Color Spectromete

Product Description:

One of the key features of this LED Phototherapy Machine is its red light wavelength of 660 Nm, which is known to be highly effective in treating a range of skin conditions. This wavelength is particularly effective in treating eczema, as it encourages the skin to heal and regenerate.

Another important wavelength emitted by this LED Phototherapy Machine is the yellow wavelength of 589 Nm. This wavelength is known for its ability to stimulate the production of collagen, which is essential for healthy, youthful-looking skin.

This LED Phototherapy Machine is in brand new condition, ensuring that you receive a quality product that will provide you with years of effective skin treatment. Whether you are looking to treat eczema, reduce the appearance of fine lines and wrinkles, or simply improve the overall health and appearance of your skin, this machine is the perfect solution.

Features:

Product Name: LED Light Therapy Machine

Yellow Wavelength: 589 Nm

Voltage: 110V 220V

Actual Wattage: 300W

Led Chip: 5w LED

Supplier Type: Top 10 Direct Manufacturer From China

Introducing the LED Light Therapy Machine, a Beauty Light Therapy Device that is perfect for a Color Light Skin Treatment Device. With a Yellow Wavelength of 589 Nm, this machine delivers optimal results. It has a voltage of 110V 220V and an actual wattage of 300W, making it powerful and effective. The Led Chip is a 5w LED, ensuring the highest quality performance. This device is supplied by a Top 10 Direct Manufacturer From China, guaranteeing the best possible quality. Get your ShineSkin Light Therapy Machine today and achieve the perfect skin you have always wanted!

Technical Parameters:

Lamp Power	192W
Actual Wattage	300W
LED Quantity	200pcs
Laser Output Power	≤5 Mw
Voltage	110V 220V
Relative Humidity	≤85%
Yellow Waveleth	589 Nm
Supplier Type	Top 10 Direct Manufacturer From China
Timing Range	Adjustable For 15-60minutes
Condition	New

This is the technical specifications table for the LED Therapy Equipment, also known as the LED Facial Light Therapy System or the Color Light Skin Treatment Device. It has a lamp power of 192W and an actual wattage of 300W. The device contains 200pcs of LED lights and a laser output power of ≤5 Mw. It operates with a voltage range of 110V to 220V and can handle relative humidity of up to 85%. The yellow waveleth of the machine is 589 Nm. The supplier is a Top 10 Direct Manufacturer From China and the timing range is adjustable for 15-60 minutes. This product is new.

Applications:

With laser output power of ≤5 Mw, this LED light therapy machine is completely safe and non-invasive. It is perfect for use in salons, spas, and at home. The timing range is adjustable for 15-60 minutes, which makes it perfect for use during a facial or other skin treatments.

The LED Facial Light Therapy System is also perfect for use on a wide range of skin types and conditions. The blue light targets and helps to reduce acne, while the red light helps to reduce fine lines, wrinkles, and other signs of aging. It is also very effective at reducing inflammation and improving overall skin health.

The LED light therapy machine is powered by a 1600mAh battery, which provides plenty of power for extended use. It is also very easy to use, with simple controls and a clear display. Whether you are a professional esthetician or someone who is looking for a high-quality skin care solution for home use, the LED Facial Light Therapy System is the perfect choice.

Some of the occasions and scenarios where the LED Facial Light Therapy System is perfect for use include:

Facials at a salon or spa

Home facials and skin care treatments

Acne treatments

Anti-aging treatments

Skin inflammation treatments

Improving overall skin health and appearance

In conclusion, the LED Facial Light Therapy System is a high-quality, professional light therapy machine that is perfect for a wide range of skin care needs. With its adjustable timing range, safe laser output power, and powerful battery, it is the perfect choice for anyone who wants to improve their skin health and appearance. So why wait? Get your own LED Facial Light Therapy System today and start enjoying the benefits of beautiful, healthy skin!
